

# DROP INSTRUCTIONS

## IMPORTANT PRESCRIPTION INFORMATION

- You have been prescribed a compounded post-op eye drop from [OSRX Pharmacy](#).
- This drop combines three common post-surgery medications into a single dose to simplify your treatment and help lower your out-of-pocket costs.
- Please take the medication as prescribed below.
- Store at room temperature. [Do not refrigerate](#).
- Do not be alarmed that the bottle is not completely full of medication. The bottle is intentionally oversized to allow for easier squeezing and dosing.

**Prednisolone/Moxifloxacin/Bromfenac**  
Sterile Ophthalmic Solution

## DOSING INSTRUCTIONS

### Starting two days before the surgery

- Put one drop in the surgical eye 3x per day (breakfast, lunch and dinner)
- DO NOT use the drops the day of surgery, we will use drops during and after your surgery

### Starting the day after the procedure

- Put one drop in each surgical eye 3x per day (breakfast, lunch and dinner) for 3 weeks

*\*For professional use only. OSRX specializes in customizing medications to meet unique patient and practitioner needs. OSRX dispenses only to individually identified patients with valid prescriptions. No compounded medication is reviewed by the FDA for safety or efficacy. OSRX does not compound copies of commercially available products. References available upon request*
